

How to enjoy a little more conversation

A Little More Conversation is all about creating a relaxed and comfortable space for great conversations. So, pop the kettle on or open a bottle of wine and get ready to enjoy a little more conversation!

CHOOSE YOUR CARDS

Choose a category and place your chosen deck of cards face down on the table. There are five categories, each with a different focus:

1. **WARM UP** - Light and easy questions to get everyone talking
2. **WHAT IF** - Fun hypothetical questions to get you thinking
3. **BACK IN THE DAY** - Questions to spark nostalgia and stories from the past
4. **RIGHT HERE RIGHT NOW** - Questions to unlock who you are and how you see the world
5. **TOMORROW AND BEYOND** - Thought provoking questions about the future

The first time you play, you might want to try a few cards from each category, starting with the warm up deck.

ANSWER ONE, ASK ONE

Take turns picking up a card. Each card offers a choice of three questions. You are invited to **ANSWER ONE** yourself, then **ASK ONE** to someone else - this can be the same question you answered or a different one. All the questions are designed to be open, inviting and gentle - there is always an opportunity to give a light answer, as well as space to go deeper if you want to.

When someone asks you a question, you can choose to answer it, or you can say 'ASK ANOTHER' if you'd like to answer a different question, or 'PASS' if you want to skip that turn altogether. A Little More Conversation is all about freeing up memories and stories that people are happy to share!

FOLLOW YOUR OWN ADVENTURE

Feel free to move between the card categories whenever you want. You may like to answer one card each per category, or work your way through every card in the category before moving on. There's absolutely no rush. If you only play one category (or even just one card!) all evening because conversation is flowing so much then A Little More Conversation has worked its magic!
